

23 February 2017

airberlin: Traffic Figures – January 2017

In January, the number of passengers traveling on airberlin worldwide amounted to 1,516,500 passengers. The number of revenue passenger kilometers (RPK) amounted to 2.717 billion.

At the start of the year, airberlin recorded a capacity of 2.165 million seats. The airline company with hubs in Berlin and Düsseldorf featured a total of 3.545 billion available seat kilometers (ASK).

The load factor for the first month of the year amounted to 76.6 percent.

Remark: Due to the current restructuring of airberlin (cf. the Press Release of 28 September 2016), the key figures provided above cannot be compared to those of the previous year.

	January 2017	Accumulated 2017
Capacity	2.165.456	2.165.456
Number of passengers	1.516.500	1.516.500
ASK in millions	3.545	3.545
RPK in millions.	2.717	2.717
Load factor %	76,6	76,6
